July 4th Celebration Takes Shape

Sierra Madreans Cast 4333 Ballots; About 61 Per Cent

Although it is almost impossible for a weekly newspaper to give you anything definite concerning the issues as a whole, due to publication time and the fact that we would be obsolete before we could become printed, so we will dwell upon Sierra Madre.

A total vote cast was 4333 for a percentage of between 61 and 62%, a little below the county and state average. Precinct 9 was first to report at 11:27 and precinct 6, the last at 2:10 a.m. Twelve of the twenty-four precincts reported between 12:12 and 12:59 which kept the main office on a Grand Central basis.

School bonds were given a more drastic beating in Sierra Madre than on March 8, turning down all three propositions on a basis of a two-thirds majority.

BB—Yes 2086 No 1847

DD—Yes 1871 No 2006

CC—Yes 2026 No 1870

A two-thirds majority was needed, thus the issues fell short by over 1820 yes votes.

The District, at this writing was running behind far worse than March 8, lacking about 16% for passage.

Rose Float Meeting Thursday

Benjamin M. McGee, general chairman of the Sierra Madre Rose Float Association, welcomes all interested citizens to a meeting Thursday, June 9, at the Park House, 8 p.m.

The purpose of this early meeting is to select chairmen for the 1967 activities and to discuss these possibilities. The over-all theme for the 1967 Tournament of Roses Parade is "Travel Tales In Flowers." Sierra Madre is one of only four participating cities that enter their float as a community project from the raising of funds to the last flower glued on.

Since Sierra Madre's first recorded entry was in 1917, this will be our Golden Anniversary Year in the Tournament of Roses Parade.

Sierra Madre's population is now estimated to stand at 11,745 as of April 1, 1966. Also showing a large increase are the dwelling units of our city which were shown to be up 18% over

Building Permits Down 50%

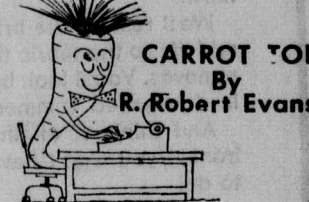

Building permits issued so far this year indicate a decrease of approximately 50 per cent over the like period of 1965.

Value of permits for the first five months of 1966 is \$775,993, compared to \$1,541,226 for last year's same period.

Total number of building permits issued for May are 16 permits, with valuation of \$16,827. No dwelling permits were issued.

Street, electrical and plumbing permits issued, 74 with fees of \$572.31. Plan check and permits fees were \$121.50. Business licenses for May, \$790.20.

Dog licenses, 11, with fees of \$29.50 and bike licenses, seven with fees of \$7.

So, we are ready to build our new Toy Loan Building . . . reports reach us that the Civic Club membership has given the "go-ahead" for the project. That through the contributions of citizens, hard work of raising cash by the club members, the amount of approximately \$3,200 is in the bank and the project is ready to roll.

I want to offer my sincere congratulations to the members of the Civic Club . . . Here is an organization that set its goal for the completion of a project, and will get it started on time and as planned. Wonderful coordination, I say.

—CT—

The election is all over, and now the candidates will rest a few weeks before the battle of the General Election gets underway. In the meantime, the merchants of Sierra Madre all have their tax bill for their "unsecured Property Tax." This is the tax on fixtures, stock, business and accounts receivable, also money that you have in the pocket, if you were caught with any on March 8.

A big new deal is given the merchants with their tax bill. It was a yellow slip of paper telling them something new has been added by the grace of their Board of Supervisors . . . "It will no longer be necessary to enclose the entire tax bill when you make payments."

Now isn't that a kick in the pants? . . . something else was new, but you had to discover that, and I discovered it but quick . . . the new tax rate is now \$10.4469 per \$100 of valuation.

This was one of my predictions on January 1, that the rate would reach the \$10 figure this year, and so be it.

Here's something that happened in Sierra Madre the other day as one of the local ministers was making a call on a church member one afternoon.

Young son came rushing into the house holding a rat by the tail. "He's dead," he assured his mother. "We whacked him and clammed him and busted him until—" at this point he noticed the minister. " . . . Until God hit him home." . . . And right here is where I feel that some of our tax rates should be "called home."

Speaking of young son, and the youngsters, here is a conversation overheard at Sierra Mesa School . . . Two first graders were standing outside school one morning . . . "Do you think," asked one, "that thermonuclear projectiles will pierce the heat barrier?"

"No," said the second. "Only a force enters the stratosphere." . . . Then the bell rang. Said the first: "There goes the bell. Darn it, now we gotta go in and

TWENTY-FOUR NEW baseball bats have been added to the bat racks of the Hastings Ranch Little League. The bats were presented by Security First National Bank. In supporting the national past-time among official little leaguers, Security Bank awards 24 Louisville Slugger bats to a league each time a home run is hit during the bank's sponsorship of a Los Angeles Dodger game broadcast. The local Little League was selected when its name was drawn by the Dodger broadcast team of Vince Scully and Jerry Doggett. Paul O'Sullivan, manager of Security Bank's Foothill and Rosemead branch, presented the bats. Receiving the bats on behalf of the league was Neil Conroy, League President.

by Mary-Madeleine Lamphier

You see? A display of heirlooms by members of the Orange County Genealogical Society will be exhibited in the Bowers Museum at Santa Ana through June 26. So why can't we assemble an early California antique show sponsored by our own Historical Society? And why didn't we think of it first? The First

Annual Flea Market, billed as a valley-wide garage sale, was held at Lancaster. Maybe we could do a combo, show antiques, sell antiques, display hobbies and crafts, with some for sale . . . a country fair, like.

A fair coming up will be that of San Marcos to be held at Gardner Airport next weekend and featuring agricultural as well as commercial exhibits.

Another weekend jaunt which is free and fun for small fry is the Model Yacht Regatta held in the Yacht Basin, Vacation Isle at Mission Aquatic Park, the second session to be Saturday, June 11.

When Tom and Mary Redman went to Del Mar for the long weekend, where her parents live, she joined forces with old Sierra Madre friends for a picnic at the beach, report is that the only one who kept cool when Martin Velasquez did the instant disappear was Tom, but then he was in the water surfing.

Why not: reverse the Japanese custom of doffing footwear at the door to protect floors and start a business of selling those paper scuffs used for medical exams to harassed parents so they can curb the visiting teenagers' barefoot menace indoors?

Poor, hard-working husband Harry Lange—what a fine trip he missed! Mrs. Lange, with Mr. and Mrs. Sterling Ripple and Mr. and Mrs. Harold Petz, went down to Mexico City to attend the wedding of a mutual friend, then spent last week on a ranch at San Miguel.

Young Roddy Erickson, son of Mrs. Gwen Erickson, 361 E. Sierra Madre Blvd., gave hearty welcome to brothers Douglas and Randy on their return from Elsinor Military Academy. Their father will be taking the three boys to Hawaii this summer, a goal which should be effective in curtailing home hijinks. Meanwhile their mother plugs along with her own school work, will be getting in her degree end of next semester, and after an additional year will be set to teach.

Margaret's parents, Mr. and Mrs. George Ettenheim, 3890 Cartwright, have two other daughters, Kathy and Ginger, consumed with envy, no doubt—but they can have fun watching the process of a new second story being added to the family home. Remember that smell of new wood, and the daring sorties through an unfinished house?

They will be assisted by Mary Ann Clark, Kitty Robertson, Nancy Verhovak and Leotina Wynne of Junior Girl Scout Troop 517.

Luncheon Meeting Of SM Auxiliary To Be Held Today

The monthly luncheon of the Sierra Madre Auxiliary of the Crippled Children's Guild will be held Thursday, June 9, at the home of Mrs. Edward Sevadjian, 165 E. Sierra Madre Blvd., promptly at 10:45 a.m.

A formal installation of officers will be conducted by Mrs. Paul Barksdale d'Orr, founder of the auxiliary. Mrs. Sevadjian will be seated as the new president. She has served as first vice president, chairman of Bal Mystique, and is an active volunteer at Orthopaedic Hospital.

Those serving on her board will include: Mrs. Henry H. Danowsky, first vice president; Mrs. William Gibson, second vice president; Mrs. Robert C. Poolman, recording secretary; Mrs. Robert Wilson, corresponding secretary; Mrs. Herbert F. Neubig, treasurer, and Mrs. James Nickoloff, parliamentarian.

Current leaders in the benefit bridge tournament will be announced. One member and one provisional with the most hours of hospital service will be honored.

A check for approximately \$2,000, which is the funds realized from this year's benefits sponsored by the auxiliary, will be presented to the Crippled Children's Guild at their monthly board meeting on June 17.

Among the highlights of the annual report prepared by the retiring president, Mrs. James Nickoloff, is a total of 639 volunteer hours contributed by members and provisionals at the hospital.

AMONG FIRST TO GRADUATE — Robin Edwards, daughter of the Rev. and Mrs. Spencer Edwards, 576 Elm St., Sierra Madre, is a member of the first class to be graduated from Argyll Episcopal Academy in North Hollywood. The private girls' school has set commencement exercises for June 15 at St. David's Church in North Hollywood. In the fall Miss Edwards plans to attend the University of California at Riverside.

Final Camp Fire Ceremonial Provides Setting For Marking of Progression

Last Friday evening, June 3, Memorial Park provided the setting for the setting for the Grand Council Fire of the Sierra-Hastings District Camp Fire Girls. This was the final ceremonial of the year and provided recognition for each Camp Fire group's progression in rank, and the acknowledgement of other special awards earned by the girls. The girls begin as Trail Seeker Rank, followed in fifth grade by Wood Gatherer Rank, and in sixth grade by Fire Maker. Girls in seventh and eighth grades usually culminate their rank achievement by earning Group Torch Bearer, and Individual Torch Bearer.

Guardian of the fire was Mrs. Lauren Maltby, a long-time worker in the Camp Fire program. In fact, in 1938 when Camp Fire was the only organization for girls here in Sierra Madre, Mrs. Maltby was one of the first leaders. Since that time she has been an enthusiastic supporter, and almost continually, presented two groups, Ki Da Ka and Konda Wa Ki Tuk, with Keep America Beautiful Awards for their contribution of seedlings to Sierra Madre. Receiving the individual Torch Bearer Award was Valerie Craig, and group Torch Bearer recipients were Koki Ha Jo and Ta Da De Ca Ka girls. Mr. Robert Anderson, District chairman, gave the welcome. Ably leading the singing was Mrs. Elizabeth Warden.

Although the Blue Birds do not participate in the progression of rank, they contributed to the program by singing two Blue Bird songs. All in all, there were nearly 300 Blue Bird and Camp Fire girls present for the Grand Council Fire, which was a colorful picture of Camp Fire girls in their ceremonial gowns and jackets and the younger Blue Birds in their service costumes. Those groups receiving Fire Maker were: Ki Ma Ma I Wa, O Ta Ka We Yah Nah, and Otaka Iha Koda Kani; Wood Gather-

More travel news re the younger set: through the sponsorship of the American Friends Service Committee, five children from Don Benito School are going to Mexico City this summer. Margaret Ettenheim, graduate of the 8th grade, will be making her second trip, invited back by the family she visited last year, whose daughter was a guest at the Ettenheim home year ago Christmas. Others are Janet Copley, Janet Copley, Karen Larson, Julio Pollack and Rusie Ross, whose big sister Nancy went last year, and had a return Christmas visit from her little Mexican hostess. The youngsters, who have begun their study of Spanish this past year, will spend 19 days on their visit and go to school while there.

Mrs. Catherine Abbott, 439 Mariposa, and her daughter Carol and niece Sharon Barker of Pasadena all got away over the long weekend to Big Bear and are now weighing decisions for summer fun. As both girls go to PHS they arrange to have many of their outings together.

If Irene Jackson walked and talked last Saturday when her husband Harry was away all day for a golf tournament, here are a few reasons why: Thursday schedule (after morning house tidying), the groundbreaking for Toy Loan at 2 p.m.; Caroline, 4 teeth out at 3:30, followed by cocktails for Toy Loan Committee at her home; followed by the Civic Club installation dinner—and the following day, 12 for dinner for her husband's birthday!

Equally busy mother is Mary Matter, wife of John T., of 520 Manzanita, who has asked to be on the Toy Loan committee for this year, although she will

again be chairman for Civic Club of the Mothers' March of Dimes and on the ways and means committee of Ascension where her children Tony and Carol Anne attend school. Besides, Tony plays in Little League this year. Well, at least Carol Anne's dance recital is over!

Sielen and Slavin Student Leaders

Election of officers by the Class of 1967 and Class of 1968 were held recently at La Salle High School. These are important positions in the La Salle student government as the winners are considered as the primary officers after the four-member Study Body Council officers. It is the duty of the Junior and Senior Class officers to organize the upper division students into a working group.

The Class of 1967 elected the following officers: Alan Sielen, president; Thomas Anthony, vice president; John Dykzeul, secretary, and Eloy Ituarte, treasurer. Elected officers for the Class of 1968 were: Walter Slavin, president; Robert Baldwin, vice president; Gary Johnson, secretary, and Paul Wood, treasurer.

Party Planned At Wilson Jr Hi

Wilson Junior High School ninth graders will take an imaginary trip to London at their annual end-of-the-year party sponsored by the PTA, on June 10, from 8 to 11 p.m.

The girls' gym will be turned into "London After Dark," for dancing to "The Breakers," and for the games, movies, "Ice Cream Shoppe" and other refreshment booths planned for the Ninth graders' last whirl in junior high school.

School administrators, counselors and teachers will be special guests at the party.

Mrs. Milton Emerson and Mrs. Douglas Spencer are co-chairmen for the event, assisted by Mrs. Lee Skarin, refreshments; Mrs. Robert Forney, decorations, and Mrs. Bert Embree and Mrs. Wayne Hartwell, games. Ninth grade parents will act as chaperones and will operate the various booths.

Promotion exercises will be held on Thursday, June 16, at 2 p.m., on the athletic field. Families and friends are invited to attend. No tickets will be necessary.

MRS. JAMES LOUIS BIRCH
... nee Susan Louise Bridges

Miss Susan Louise Bridges, daughter of Mr. and Mrs. Robert Crandall Bridges of Pasadena, became the bride of James Louis Birch, son of the late Mr. and Mrs. Harold Birch, Saturday, June 4, at 8 u.m. The lovely service at the Mayflower Congregational Church was officiated by Dr. Ronald Dickson.

The radiant bride was given in marriage by her father and chose for her wedding an American Charmante original of silk faced peau de sole and peau d'ange lace fashioned in the empire style with an A-line skirt and detachable chapel train. It was heavily appliqued with jeweled lace and hemline of the gown and chapel train. An open

Miss Nancy Bridges was the maid of honor and Mrs. Gary Lawrence, Mrs. Arthur Ewers, Mrs. Raymond Rocks and Miss Ann Gerner were bridesmaids. They wore pink linen floor length sheaths with an ecru lace bodice and a cherry red velvet ribbon peek-a-boo at the empire waistline finished with a bow at the front. All carried nosegays of garnet roses, pink carnations and Sweet William.

Nicholas Blackburn served as best man and the ushers were Dennis Powell, Steven Spaeth, John House and Bruce Howell. Miss Rita Grabi was the flower girl and Stephen Grabi was the ring bearer.

The mother of the bride wore a pale aqua silk suit with matching accessories and a white orchid.

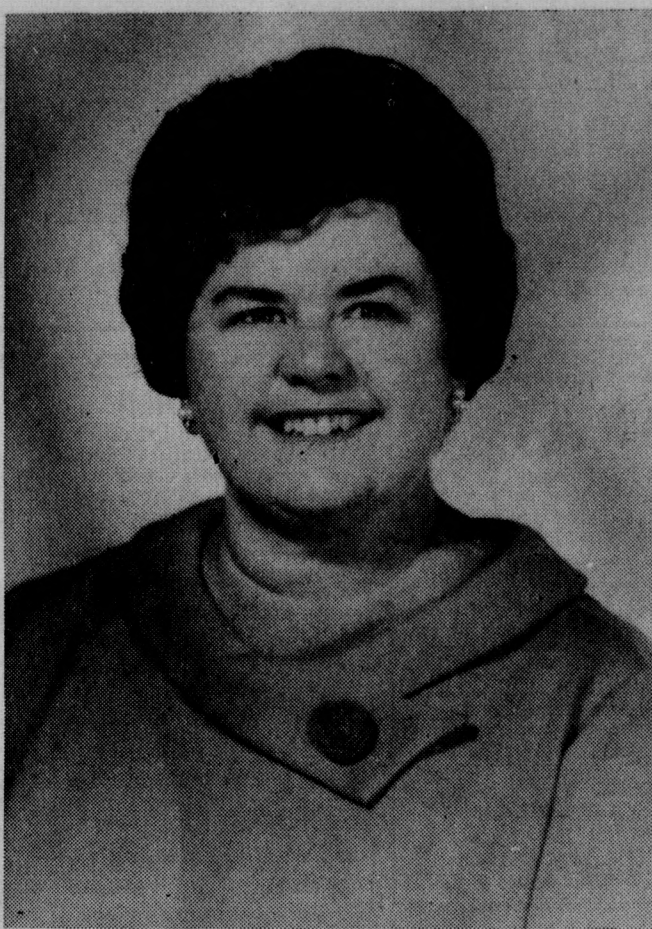

The 300 wedding guests went on after the ceremony to the reception at the One-onta Congregational Church gardens. Following the reception a champagne party was held at the bride's home for the wedding party and close relatives and friends where Mr. and Mrs. B. N. Howell served as official greeters.

Newlywed Mr. and Mrs. Birch later departed for their wedding trip to the Grand Canyon, Arizona. They will make their home in Los Angeles after June 11.

MRS. CHRISTOPHER POCINO

Mt. Alverno Guild Installation Candlelight Ceremony at Villa

Mt. Alverno Guild installed its new officers for the 1966-67 term at an impressive candlelight ceremony held in the Villa, 200 N. Michillinda Ave., Sierra Madre. Sister M. Aquinas, who is from St. Francis Hospital in Lynwood and moderator of the Guild, officiated.

Mrs. Christopher Pocino is the new president; Mrs. Leonard Wilker, first vice president; Mrs. Roy Russell, second vice president; Mrs.

Anthony Gioffi, third vice president; Mrs. Kenneth Crawford, secretary; Mrs. Marvin Westphal, treasurer, and Mrs. Fred Ganson, membership.

The other new Board members include Mrs. Albert Soldate, retreat; Mrs. Edward Kaloff, hospitality; Mrs. Robert Rochetto, bulletin; Mrs. Bernard Grotz, publicity; Mrs. George Stucka, personal interest; Mrs. John Nuccio, parliamentary, and Parish representatives, Mmes. Ralph Alfieri, William Emrick, William Ochoa and A. G. Schwegler.

Mrs. Pocino, a native of Southern California, resides in Arcadia with her husband and three children. She is a member of Holy Angels Parish.

After the installation, tea was served. A new silver tea service, presented to the Guild that day, was used for the first time. Past presidents, Mmes. Charles Boggs, Edward Palona, George Stucka, John Moe and Harry McDonough, poured.

To culminate the year's activities, a "New Board, Old Board" luncheon will be held at Eaton's Restaurant on June 2. Mrs. Roy Russell, new Thrift Shop chairman, announced that the shop, located at 158-A W. Live Oak in Arcadia, will be open for business as usual during the summer months.

MEMOS FROM YOUR Stylist

By LOLITA Women plagued by oily hair should be wary of scalp irritation due to overly-ambitious attempts to cleanse it. Busting is highly beneficial, of course, in that it breaks up heavy oil concentrations at the hair roots. It is a good idea to keep a spare brush on hand so that a clean one is available for use at all times.

Tight hats and scarves and taut, snug hair styles are best avoided as they tend to lessen scalp ventilation. Unusual oiliness often results in dandruff, reason enough not to ignore any practical care and control of this condition.

Also, do not ignore the fact that we can advise you on a number of ways to effectively control this problem. Our operators and stylists will be happy to recommend hair styles that will simplify grooming. Make your appointment soon at PETITE BEAUTY SALON, 185 W. Sierra Madre Blvd., phone EL 5-8041... Open 6 days... evenings by appointment... air conditioned shop... parking in the rear.

THIS WEEK'S HELPFUL HINT: If nail polish has thickened, add a drop or two of cologne or perfume. It will again flow freely and be nicely scented.

Hosp. Auxiliary To Have Luncheon

The lovely grounds of the home of Mr. and Mrs. Jack Tilley, 130 Rancho Road, will be the setting for the Sierra Madre Community Hospital Auxiliary's luncheon and card party. The "fun for funds" event will be held on Tuesday, June 14, at 12 noon.

Summer fashions from Gullett and Harris will be informally modeled during luncheon.

Mrs. Tilley is general chairman for the affair. She is being assisted by Mrs. Walter Nollas, reservations; Mrs. Frank Parks, and Mrs. William Sullivan, tickets; Mrs. Arthur Maricq, Mrs. Paul Telmsley and Mrs. Peder Pederson, food, and Mrs. William Stoddart, table decorations.

The fashions will be modeled by Mrs. Harry Wharton, Mrs. William Meek, Mrs. Sullivan and Mrs. Robert Hill.

The money raised will be added to the Auxiliary's latest funds which are contributed to the hospital. The Auxiliary's most recent project was the raising of \$1700 to purchase a Uni-Tray Cart for the hospital. Besides funds raised, Auxiliary members devote many

volunteer hours of devoted service to the hospital. They also sponsor a program for candy strippers.

Population Increase

the 1960 period. Dwelling units of our city now stand at 4,372.

Due to a heavy population of Senior Citizens in Sierra Madre, our death rate of 10.8 per 1000 population exceeded the County average of 8.8. Likewise, the birth rate of our city was down considerably from the County average when in Sierra Madre the rate was 15.3 per 1000 population compared to 19.8 per the County at a whole.

Richard Anderson, son of Earl and Eunice Anderson of 354 Lima will be the third and last to graduate — well, it's not quite final, because, leaving Azusa Pacific, where his father is a teacher, he goes on to Claremont, where he has been accepted for graduate work in musical education. Older brother Daniel, now a teacher himself, also plays violin in the Portland Symphony. The family will soon get to see something of Daniel, his wife and little daughter Rhonda, because he will be a playground supervisor in the Hudson district this summer. The Anderson daughter Judith, now Rundlett (married to a teacher — what else?) lives in Granada Hills, has three children Anne, Kirsten, Stephen. Twelve years is a long time to spend shepherding a brood through sheepskin, but mighty rewarding.

It's a fascinating world and it still has tales worthy of the Arabian Nights. Imagine meeting one's prince charming on the UCLA campus and having him turn out to be a sure enough Arabian Prince — and getting whisked off to a wedding in a strange country with different customs and never-met-in-laws! George Parr, who is designing the rings for Farouk Ahmid Mojahid and his bride-to-be Miss Tamara Eliot thinks that Miss Eliot's travels as a well-known dancer probably gave her the poise and the courage to face what might daunt some gals we know. The chance to design a setting for the kind of gem with which the bride will be gifted must create the anticipation of a mural painter being offered a bare wall and told "Go."

FAROUK AHMID MOJAHID, student at UCLA and son of government minister of Saudi Arabia and his bride-to-be, **Miss Tamara Eliot**, internationally known dancer, pictured before the Jeweler's Workshop in Sierra Madre. The young couple have commissioned George Parr of the Workshop to create an original design for their wedding rings.

George Parr Commissioned To Design Wedding Rings For Internationally Known Couple

Different countries, different ways. When George Parr of the Jeweler's Workshop, at 16 W. Sierra Madre Blvd., was asked to design the wedding rings to be used in the double ring ceremony of Farouk Ahmid Mojahid and Miss Tamara Eliot, it was explained to him that there would be no engagement ring for this young couple but that according to custom, the bridegroom's parents, after the ceremony which will take place this month in Arabia, will present the new bride with a heirloom unmounted gem. The couple have asked Parr to design a mounting for this stone upon their return to California after

six months of family visiting and celebration. Mr. Mojahid (rumored to more properly be addressed as "prince") intends to spend the two years necessary to complete his studies at UCLA and secure the degree for which he has been working. He has been in the United States for three years, having received his previous education in Europe.

Miss Eliot, daughter of Mr. and Mrs. Don Eliot of 545 Mesa Lila Rd., in Glendale, both painters, is herself a painter as well as a dancer. Miss Eliot attended Glendale College and the University of Mexico, received training

in dance at the Lester Horton Dance Theatre from 1958 to 1964, and studied art under Suzanne Guevara and at the Otis Art Studio in Los Angeles.

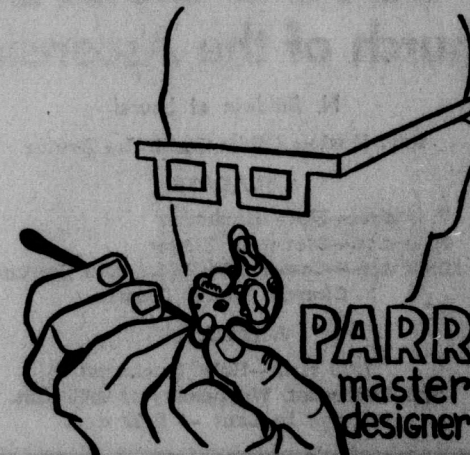

The glamorous young couple (each is 24 years old) asked to meet Mr. Parr after admiring a jewelry design of his worn by his daughter Corrine Parr West, also an artist, who in addition to portrait painting and illustrations for such clients as Bullock's and Haggarty's, has done some original designing of her own, albeit in the field of fashion rather than jewelry.

Bethany Church extends to the entire community a cordial welcome to attend all of the services mentioned above as well as the complete graded Bible study program on Sunday morning at 9:40 and the mid-week service on Wednesday evening. Inquiries are welcome.

Appointed

Parry O'Brien, the country's only four-time Olympian and former holder of the world's shotput record, has been appointed vice president and director of business development for Home Savings and Loan Association, it is announced by Howard Ahmanson, president and board chairman.

Dr. Barnhart Announces Sunday Sermon

"God Is Always With You" is the sermon-lesson of Dr. Ethel Barnhart at the Santa Anita Church, 226 W. Colorado Blvd., Arcadia, Sunday morning, June 12, at the 11 a.m. worship service. The personal experience of the Presence of God, the Good, operating in the Universe is under laws as exact as any science. When the laws giving the response to your every need are fulfilled, you cannot help personally experiencing God's manifest Goodness. This service is open to the public. Provisions are made for the care of infants and very young children.

The children from kindergarten through high school, worship with their parents the first 15 minutes of the worship service. They then go to their graded classes conducted by trained teachers. All are welcome.

Thursday, June 9 at 1:30 in the afternoon Mrs. Anna Dozier will review "The Thirteenth Apostle" by Eugene Vale. This is a dramatic story of one "who was called but not chosen." The public is invited to this review by Mrs. Dozier who has an unusual ability to make the characters in the book come alive.

Children from the first through the eighth grades will have an opportunity to advance in reading, spelling, grammar, composition and arithmetic under the well-known, effective Mae Carden Method of Learning and Comprehension at the Santa Anita Church Day School July 11 through August 5. Applications for enrollment are available at the church. Call 446-8206 for further information.

Dr. Barnhart says, "If you call 447-6162 you will receive spiritual help, day or night."

Series of Three To Begin Sunday

Initiating a three-Sunday series of pulpit messages on the Old Testament Book of the Prophet Habakkuk, the Rev. Armin Hesse will speak on "The Question: Why Does God Tolerate Evil?" in the 10:30 Sunday morning worship service at Faith Lutheran Church, 845 Hastings Ranch Drive.

In announcing this series of sermons the minister states: "The Book of Habakkuk is especially relative to our times when so many in the church are disturbed about oppression, violence, and social disorders. The Book concerns itself with the timeless question why the righteous suffer and the malicious seemingly go unpunished."

Holy Communion will be celebrated in the Sunday worship hour. The Junior and Senior choirs will terminate the choral season with the presentation of R. Vaughan Williams' "The Old Hundredth Psalm Tune." The young people of the Waltham League will serve as hosts at the fellowship coffee hour which will follow the service.

The lesson subject in the 9:15 Sunday school hour will be "Illustrations of Jesus About Prayer." Meeting in the church sanctuary, the Adult Bible Class will continue the study-discussion on the First Epistle to the Corinthians.

Meetings scheduled for the week include: The young people of the Waltham League on Sunday evening at 7; the Evangelism Committee on Wednesday evening at 7:30.

A. J. McClelland Services Held

Albert John McClelland of 1260 Daveric Drive passed away on May 31 at the Parkwood Convalescent Home after a lengthy illness. He was a native of Cambridge, Kansas and formerly of Oak Park, Ill., and had lived in California for the past eight years after retirement from his position, held for 30 years, as vice president of Victor Animatograph Corp. Mr. McClelland was a member of the Sierra Madre Methodist Church and of Al Malakah Shrine of Los Angeles.

He is survived by his wife, Lucille R. McClelland, a daughter, Mrs. G. Richard Knudson of Goleta, two grandsons, Jefferey and Gregory Knudson; two brothers, Arthur J., of Oklahoma City, James B. of Ash Grove, Mo., and by two sisters, Mrs. Grace Whitechurch of Dallas, Texas, and Mrs. Lulu Kinnear, of Phoenix, Ariz.

Funeral services were held June 2 in Pasadena with the Rev. Mark Trotter officiating. Interment was private.

Christian Science Bible Lesson

"Great peace have they which love thy law: and nothing shall offend them." This promise from Psalms will be part of the Responsive Reading at Christian Science church services this Sunday. Subject of the Bible Lesson is "God the Preserver of Man."

The lesson includes the story of Daniel and his three fellow captives whose spiritual steadfastness in worshipping only God preserved them from harm in the lion's den and the "fiery furnace."

Among the related passages to be read from "Science and Health with Key to the Scriptures," by Mary Baker Eddy, are these lines: "The central fact of the Bible is the superiority of spiritual over physical power. . . . The calm and exalted thought or spiritual apprehension is at peace."

James Case, son of Lois and Jim Case of 430 N. Grove will be graduating this month from Occidental College, where he has majored in biology. His brother Bob will be going from PCC to San Jose State to continue his studies in business. Younger brother Dick goes into sixth grade at Sierra Madre, but his turn will come.

Graduation Party Held At Marshall

The Ninth Grade Graduation Party at John Marshall Junior High School will be held in the girls' gym Friday, June 10, from 3 p.m. until 12 midnight. A gay cruise theme will prevail, "Bon Voyage, S. S. Marshall '66."

There will be dancing in the main gym area to the music of Project Five. Upstairs in the decorated activity rooms, games are being planned for the students with prizes to be awarded during the evening, and booths for fortune telling and portrait photography. Highlighting the evening will be the presentation of the King and Queen by the popular disc jockey, Dave Hull of KRLA. The Georgetown Singers will be on hand as a special treat.

Chairmen working on the party are Mmes. Edward Zack, Ted Donald, Roy Primack, Al Swanson, Harold Berg, Warren Cline, June Kemp, Owen Parry, Charles Otis, Arthur Miller and Henry Debeck.

This year it's Danny who "graduates" at the home-stand of the Warren Browns, 471 Santa Anita—he leaves Sierra Mesa for Wilson. His sister Denise, going into ninth grade there, will be graduating to PHS next year. Year after, youngest,

Donna, will follow along into Wilson. Suppose they have a standard graduation menu at this family? And how does mother Shirley manage the time to do all the work she does with the hospital auxiliary?

District 4-L2 of Lions International, comprising 62 clubs in an area extending from the foothills to the beach, and from the western border of Pasadena to the eastern border of Covina, held their annual convention in Palm Springs May 26 to 29. The purpose of this convention was to elect a District Governor for the year 1966-1967, choose a site for the next convention, and approve a new constitution for the District.

Dr. Warren E. Greene of the Monterey Park Lions Club, a frequent visitor and friend of the Sierra Madre Lions, was elected District Governor over Aram "Bill" Paramean of the South San Gabriel Club.

Delegates to the convention from Sierra Madre were President Ben McGee and President-elect Royce M. Bonds, who attended the interesting and informative business sessions and forums. Jeanne McGee enjoyed the functions provided for the ladies, as well as some of the business sessions.

Guest speakers were Dr. Walter H. Campbell, president of Lions International; Samuel T. Yorty, Mayor of Los Angeles and candidate for the office of Governor and William N. Patrick, also a candidate for Governor.

Palm Springs was again chosen as the site for the 1967 District Convention, and the constitution was passed with a previous amendment concerning the

convention committee. Some 1300 Lions and their families enjoyed the convention activities this year, which is a 4-L2 record for attendance.

Class For the Expectant Mother

A class for expectant mothers will be conducted for San Gabriel Valley residents beginning June 20.

The ten-lesson series will be held on Monday mornings from 9:15 to 11:15 at 2495 E. Mountain St., Pasadena. Registration information may be obtained by calling the Extension Training Center, 355-7661. Enrollment is limited.

Instruction for child-bearing involves intellectual, emotional and physical preparation. The women accepting the responsibility of self-control, study and exercise in order to be equipped for her labor and delivery is more apt to be poised and confident. As a result she may have a shorter labor and make a more rapid and complete recovery.

The morning sessions include discussions covering pertinent topics for the mother-to-be plus individual instruction in exercises promoting comfort and fitness during pregnancy, special relaxation and breathing techniques for labor and delivery, and postnatal exercises which aid in rapid return to the normal non-pregnant state.

The Childbirth Education Program is under the American Institute of Family Relations and includes four evening lectures given by a physician especially designed for the expectant couple.

Mr. Cactus Pete Will Speak To Begonia Society

The San Gabriel Valley Branch of the American Begonia Society will hold its regular meeting June 10 at the Los Angeles State and County Arboretum, 301 N. Balding Ave., Arcadia, at 8 p.m.

The speaker will be Mr. Cactus Pete. He is a well known hybridizer of Euphyllums, commonly known as orchid cactus. Slides will be shown and anyone interested is most welcome.

You and Your Neighbor

by Mary-Madeleine Lamphier

We get so used to the enthusiastic influx of people to Sierra Madre that there's a moment of shocked disbelief to learn of long time residents moving away, but it does happen — this week to Mr. and Mrs. Frank Van Winkle, from 56 E. Sierra Madre Blvd., off to Duarte, with Patty and Sherry transferring to Royal Oaks elementary. They will all be missed, and admonition is, keep friends posted!

Down the drain go excuses for not doing — if a mother of eight can manage to do painting and sculpture . . . but of course, though, that means many hands to make light work. I suppose? Jayne Hubik, wife of Louis of 320 Toyon Road, who exhibited at the fair, is having a particularly busy time just now, because oldest son Thomas has been home on two-week leave from the Navy, back from Vietnam. Now he'll go to San Diego for a few weeks special "pre-commission" training before being assigned to the new USS Askari, which will then wait him overseas again. Oldest daughter Terry, a graduate of PCC, will soon be off for a two months tour of Europe. This month daughter Noel will graduate from PHS and Nora from St. Rita's. Other than those apples, it's just normal business with the rest of the brood, Dick, Mike, Joe and Bob. Goll-eel.

Harlan Pedersen, of 370 N. Lima, the architect whose sketches were included in the fair, took his family for the long weekend to their "little house" and ranch at Tehachapi, in the mountains near Bakersfield. They were accompanied by Anne Pedersen's parents, Mr. and Mrs. J. A. Jensen, of Pasadena, and their three daughters, Barbara 10, Lisa 9, and Janet 6, who were enchanted by the presence there of a new little calf. The family looks forward to more visits to this retreat during the summer, with Harlan hoping to sketch some of the natural beauty of the surroundings, and the children hoping for the addition of more animals to the place.

Once again, as part of its 1966 summer program, the Sierra Madre Recreation Department is offering morning and evening sessions of tennis instruction at a fee of \$5 for 9 lessons, with no age limit — just an earnest

desire to learn. Instruction will be given in three successive periods of three weeks, with mornings reserved for the young, evenings for adults and a special "first chance" early evening session for summer school students, from 6:30 to 7 p.m. on Monday, Wednesday and Friday, the day classes will be given, beginning June 20. Registration sheets will be available at City Hall; call EL 5-7135 for further information.

Bill's Baby Weighs 7 Pounds and Is Silent Too!

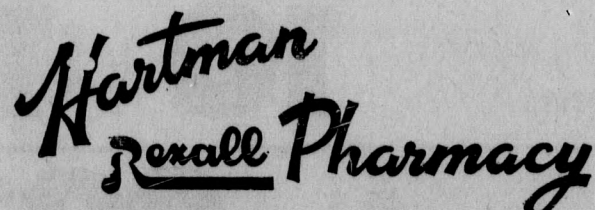

First of all "Bill" is our own Bill Clark of our camera department and his seven pound baby is the new Kodak Readymatic Viewer and it is silent and self-cased, and it is truly a honey.

This new Kodak Readymatic Viewer gives you instant projection and utmost portability. It sets up in a few seconds — just flip open the cover, slide the projector out and the built-in screen aligns with the projector all automatically. The Readymatic push-pull changer holds 36 slides so there will be no trays to buy and your slides go directly from box to changer to screen!

This projector is absolutely quiet-no motor hum or air hiss to interfere with your conversation and it has plenty of power, both for viewing on the built-in screen and for larger screens in a darkened room. Then when the show's over just flip the cover shut because it is completely self-cased and weighs only 7 pounds. It is a really handy handful wherever you may want to take it.

Really projection was never so convenient before! Bill is quite anxious to show you his baby too, so let him show you, and remember Bill has special discount on Kodak Films (2 rolls 10% and 5 or more rolls 20% and they may be assorted sizes) for your coming vacation or graduation. He has a full line of Polaroid Cameras now and Polaroid Film at competitive prices.

John and Jane Veblein of 235 S. Canon, are, like many families, in the throes of camp preparations: Christine and Karen will again be going to Montecito Sequoia, and their other daughter Kathy will be doing some visiting.

And speaking of the tribulation of parents, pity the poor pater who might have overindulged at the fabulous successful "Vacations a Go-Go" party, and then on Sunday had to attend Little League games with a mite of a hangover. Lot of cute stories going around about the boys who were umpires at the manager's games.

Song note: read that "they" have found a way to make bricks out of the particles which are in factory smoke. Does this mean that construction costs will go down along with the smog level — if we live long enough?

Further note: can your son "rappel" down a cliff? (Rappel means climb down quickly by means of a rope). Boys at Schenck Job Corps, No. Carolina are being taught this by search and rescue teams there, using some of the methods of the Outward Bound School in Colorado — which is a survival training program for boys which includes rigorous physical fitness training, confidence building and survival conditioning. Our own Search and Rescue team gives training to the young S. M. Mountaineers. It was John Muir, for whom the high school is named, who said, "Climb the mountains and get their good tidings." News of a Russian said to be 160 years old is considered further evidence that a mountain climate is best for longevity.

With vacations coming up you may want to check — or send a check to — the National Geographic Society in Washington for their super book on our national parks and monuments called America's wonderland. Hard to realize that some of the parks are so long established that visitors were troubled by having Indians try to chase

them away.

The new Japanese tea-house in Descanso Gardens, La Canada was dedicated last Friday and is now open to the public daily except Monday from 11 a.m. to 4 p.m., and you will indeed be served tea and cookies. Happily, the Japanese American community participated in the planning: landscape design was prepared by direction of the firm of Eijiro Nunokawa & Son; Mr. Frank Kuwahara of the board of trustees was chairman in charge of project planning, and Mr. Koi-chi Kawan, instructor of Japanese Arts and Landscaping at UCLA designed the furniture created by Brown-Jordan.

It was back to San Felipe in Baja California, Mexico for the James Ross family over Memorial — and shame on them for neglecting the suntan lotion! Jack, who goes to PHS, took along buddies Mike Parton and Phil Denslow, and also present, of course, were Don, graduating soon from Wilson, and Janet, graduating from Sierra Madre elementary. They went down in the family camper, went surf fishing, Mike took pics.

Graduation time always catches me with a lump in my throat, but this year, more than ever, there is a different feeling about graduation. The young people leaving high school and college are not stepping out into a peaceful world where they can simply extend their education and vocations. They are young and bewildered wondering if they will have the opportunity to fulfill their life's dreams of tomorrow.

The young men are in a state of confusion on whether to try for a year or two of college before serving in the armed services or just go ahead and register now and get their education later on.

They realize that serving their country is something that is going to be part of their lives but underneath it all is the frustration of wondering if they will ever be able to get out from under someone telling them what they must do with their lives. They've suffered through 17 or 18 years of parental authority and they know the authority they are yet to face is monumental by comparison.

Parents who have waited for their sons to become men wish achingly that they could prolong their youth for, they too, are helpless in the face of these troubled times.

And the young ladies ready to embark — they are not unscathed. They worry and they wait. They'll go on to college, or to work, to mark time for their young men to settle the affairs of the world as women have waited before them.

But youth, with its courage, will survive and become the fine men and women of tomorrow. They might even possibly create a better world for those children that they will some day bring into it. Let us hope that this young generation will do better than we who have guided them.

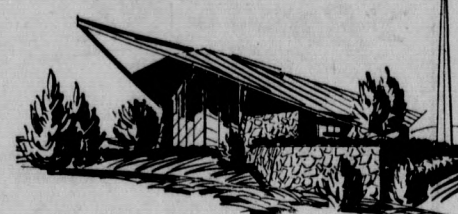

Birthday — Birthday — Birthday — Birthday — Birthday . . . The birthday kids had a whining-ding last Saturday night to celebrate their community birthdays. It was a fun-kid party with lots of kid games and prizes (kid) — believe me there's life in the old gang yet. The honorees were Pat Giangregorio, Mo Morgridge, Nancy Rode, Jeanne Slavin, and Matt Slavin. They had their party at the Morgridge home in Kinneloa Mesa.

The guests invited were Mr. and Mrs. Jim Smith, Mr. and Mrs. George Holmes, Mr. and Mrs. E. Marshall Harris, Dr. and Mrs. Robert Mueller, Mr. and Mrs. Ernest Maurin, Mr. and Mrs. Henry Smith, Mr. and Mrs. Charles Goldworthy, Mr. and Mrs. Bill Olson, Mr. and Mrs. Gordon Wright, Mr. and Mrs. Bob Farmer, Mr. and Mrs. Tony Boland, Mr. and Mrs. Forrest Paxson, Mrs. Norman Bennett, Mr. and Mrs. Joe Philipson and their house guest, Mr. Ken Slavin, Mr. and Mrs. Bud Knudson, Mr. and Mrs. Charlie Hardison, and Mr. and Mrs. Don Hays. Oh yes, in addition were the honorees mates, Alice Morgridge, Gene Rode, and Dom Giangregorio.

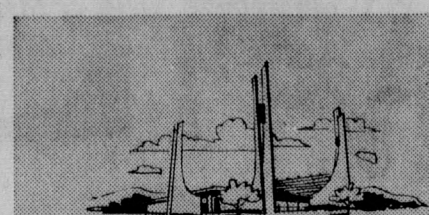

Another neighborhood birthday last Friday was young Larry Wayne's. He celebrated his third birthday with a party with a group of his friends. Attending were Greg Harrington, Scotty Morrison, Anthony Kamb, David Wayne (his brother), Sascha Kamb, Barkley Kamb, and Jack Liebau, Jr.

Hear it was really some fun when the fathers, as managers of the Little League Majors and Minors had their annual battle of baseball with the Major man-

agers winning again, the boys doing the umpiring and giving dads a rough time. By the way, if you have any old clippings or photos of Little League around 1958-60 or so, please pass on to Yvonne Osti who is compiling a history, since some of the old files were lost.

Newlyweds Mr. and Mrs. Nathan Rundlett (Judith Anderson, daughter of Mr. and Mrs. Earle H. Anderson, 354 N. Lima) go to Locarno, Switzerland, for year of music study.

Twenty Years Ago:
June 6, 1946

Sierra Madreans leave for Manila business world: Mrs. W. J. Adwell, Mrs. William Burr, with two children, to be joined later by Frank Duffley of Pratt Market, go to the Philippines where Mr. Burr has been maintaining an import business.

Local musicians Marileen and Marjorie Scoville will play at Hollywood Bowl.

Mr. and Mrs. I. F. Peterson make two trips weekly back here from their summer home on Balboa Island to feed their bird friends from balcony of their home at 534 W. Montecito Ave.; they believe they now supply all the birds which used to be fed by the late Percy Poore Seehan.

Thirty Years Ago Today:
June 5, 1936

M. A. Hawkes passes away at age 96; was a Civil War veteran born in Maine, and well-known and beloved resident since 1920.

Al S. Myers, city business manager states that weeds not cleared by June 10 will be removed by city crew, with cost added to taxes.

Fifty Years Ago Today:
June 9, 1916

Controversy still rages about proper place to locate burro corrals, with Chairman Dietz hearing K. M. Ham Jr., and Attorney Scoville make protests and H. O. Vogel reaffirming pre-

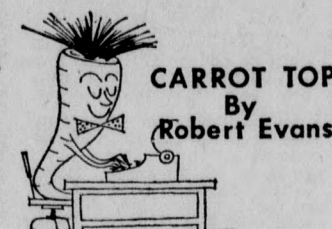

vious decision.

At the first Sunday School banquet held here, sponsored by the Congregational Church, 100 people attend. H. W. Timm, school superintendent, introduced Rev. Fred Staff as chairman, and short talks are made by Rev. J. D. Sparks, Miss Avis Preston, Miss Portia Ulrich, W. J. Ladd, Mrs. Conklin and Mrs. H. W. Timm.

Many Sierra Madreans attend exercises when Rudolph Hartman received pharmacist's degree from USC at Bible Institute Auditorium.

Pee Gee auto painting outfit offered by Sierra Garage offers three cans to repaint your car in three days for the price of three dollars.

Gail Williams, Raymond Hedderly, Charles Schwartz and George Harris are hosts to 30 young people for a weekend in Big Santa Anita Canyon, which included Saturday dancing at Fern Lodge; chaperones are Mr. and Mrs. H. I. Hawkhurst, Mrs. W. H. Ingraham and Mrs. E. W. Camp.

string heads." . . . Of course, this is a relaxing sport, I'm sure.

Then Bill Wark, prominent Search and Rescue Team member, tells this one on Captain Harkness, as they were taking a group of Sierra Madreans up the Little Santa Anita Canyon on an exploration trip.

"Be careful not to slip here," cautioned Minor Harkness, carefully gripping the rope that linked him to the Sierra Madrean on the precarious mountain climb. "It's mighty dangerous . . ."

But if you do fall, be sure to look over there to our far right. The view is absolutely spectacular." . . . and this would be on your way down, I guess.

Then again, I was talking to Betty Stuart of Clardon Dell the other day and I was asking her why she kept a wet sponge lying on the counter, and this was her remark . . .

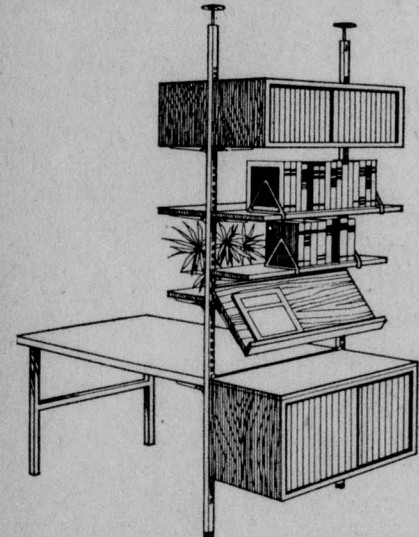

"The sponge is very useful," she said, "because so many people forget their change and I use it to rap heavily on the counter to attract their attention." Further she stated . . . "I don't understand why people are so hard of hearing lately."

In closing, let me leave you with a reminder, and at the same time throw a bouquet to the Civic Club again . . . If you are in need of help during the summer, give them a call. They have taken on the project of obtaining work for our teenagers during the summer months, and keep an active file of those willing to work and need the work . . . the employee will be screened to your requirements . . . just call 355-7141 between the hours of 2 and 5 daily except Saturday and Sunday, and you will obtain adequate help, I hope, I hope, I hope.

Your Budget

Very few of us understand Budgets, most of us cannot balance our own in hundreds of dollars, let alone understand those of a million dollars proportion such as the City, County, State, Nation, School Boards and the such. All we really understand is when we receive our tax bill on December 10, and hurriedly search out last year's bill for comparison. If the bill has increased we scream to high heavens, but at budget making time we ask for this, that and everything pertaining to our own selfish desires, so we aptly say . . . "He who dances, must pay the fiddler."

It has been years since a City Council has been faced with a budget such as the one that they are now studying . . . Our city, being a city of homes, not industry, shopping centers, gambling, and so forth, is the seventh highest taxed city in the San Gabriel Valley, and this year will not have a tendency to lower this rating, in fact when it is all set and done it may have a tendency to place us closer to the top.

Councilman Wagner and Councilwoman Maddox's campaign promises of reduced taxes, we are sure will not come this year, in fact it is doubtful that they will ever materialize. Increased costs, increased salaries compared to the possibilities of increased valuations give little, if any, hope.

We are sure in our statement, that neither Councilman Wagner or Councilwoman Maddox were untruthful in their statement of reducing the tax level; we are sure that they actually felt that it could be done, just as sure as we are now, that they realize that it cannot be done, with what they have to work with.

Even though the building of homes and revaluations could reach a proportion of 1-million dollars in assessed valuation per year, this would give only \$15,000 to \$17,000 additional money to work with, and with increased costs and the nation facing inflation, this figure could increase at the rate of over \$30,000 to \$50,000 per year, making the tax levy go up, up and up.

One only needs to look at the Preliminary Budget to see what is expected in the years ahead. Anticipated revenues to the City are up, but still the General Fund Budget is some \$62,000 out of balance. This means services will have to be cut in the General Budget first of all as the law allows only \$1.00 tax levy per \$100 of valuation. Of course this fund can be supplemented by the Sales Tax Fund, but here again, what will become of future Capital Expenditures. This is a matter of "robbing Peter to pay Paul" and in the future your "chickens will come home to roost."

Also to be contended with in the General Fund will be the salary increases of the employees who have asked for approximately \$23,000 increase. Room will have to be made in the General Budget to take care of this little item.

The serious points of the General Budget aside from the fact of a \$1 limitation is the anticipated or asked for increases of approximately \$71,000 in the Police Department; \$9,000 in Fire Suppression Fund; \$25,150 in the Street Maintenance Fund; \$32,183 in the Tree Fund; \$6,259 in the Sewer Maintenance Fund; \$8,527 in the Traffic Safety Fund, and on, and on.

Of course, this year Capital Improvements has been reduced from \$280,000 to \$20,000. The General Fund still must reduce some \$62,000 more to come into balance, or transfer this amount into the fund from the Sales Tax Fund. This, of course, invites disaster in years to come, if done to any great extent.

Of course, the Parks and Recreation Commission has had a tremendous load thrown onto them. They will have to be given some financial relief, and although, they themselves have pared their expenditures to the bone, will come in for some more cuts and will most probably end up with a 3 cent per \$100 valuation increase. The Library has similar problems, and after the cutting will most probably end up with a 5 cent per \$100 valuation increase.

We will not be surprised if the "final budget" is not adopted on the basis of an increase of approximately 10 cents per \$100 valuation, that some dollars will be "robbed" from the sales tax fund, and a good many services deleted from the anticipated budget.

This, of course, will put the Tax levy somewhere around \$1.65 per \$100 Assessed Valuation and to the average homeowner owning a home at \$20,000 market value will have an increase of approximately \$50 for the year.

The House of Drugs

There is nothing sacred about industry. But it is a curious fact that the more industrious an industry becomes, and the more successful it is in meeting the needs of a rapidly expanding population, the more likely it is to become the subject of political attack, and the more likely it is to be fenced in by regulations that tend to impair continuing progress.

No more perfect example of this phenomena can be found than in the drug industry. A few years ago, the drug industry was an unknown. Then came the family of miracle drugs that opened a new vistas of long life and health. The average life span of Americans has increased ten years since 1930. Drugs played an important part in this improvement. New miracle drugs have saved 5 million lives in the last 20 years and lengthened millions more. Such scourges as pneumonia, tuberculosis and similar killing disabilities, almost too numerous to mention, have been brought under control with the help of drugs developed and marketed by major drug firms that adhere to the highest standards in the research and development of their life saving products.

In reply to the most recent broadside attack against the drug industry, by a spokesman for the Food and Drug Administration, C. Joseph Steller, president of the Pharmaceutical Manufacturers Association, said, "It is an unsalable fact that the scientific attainments and standards of performance of the American prescription drug industry have provided an immeasurable benefit to the improvement of health and the prolongation of life."

Management of this newspaper is not capable of answering questions to this column; however letters to the editor will be published and answers forthcoming from the writer. Articles are of the writer's opinion and do not necessarily reflect the policy of this newspaper.

Jimmy is eight years old and all boy. Dooby is five years old and all German Shepherd. Jimmy's buddy will never win a blue ribbon for being the best dog in the show because he just isn't interested in that sort of stuffy pretense. His whole happy existence evolves around a little boy whose life he is a part of—a little boy who hugs him and sometimes kisses him when Mother isn't looking! As a result of this sort of treatment, Jimmy has acquired a self-appointed guardian and protector. Dooby's motto appears to be "love me—love my master—or look out!" Where Jimmy plays, there you will find Dooby. Where Jimmy sleeps, there you will find Dooby lying at the side of the bed.

Dooby has never exhibited the slightest bit of viciousness toward other children or toward other friends of Jimmy's family. He is a gentleman in anyone's house. He is responsible, affectionate and well-mannered. His sense of justice has been proven and his loyalty is above reproach.

When Dooby's purpose in life is fulfilled and his convincing basso-profundo bark invades Valhalla, Jimmy will have lost a loyal friend and Valhalla will have gained a true blue-ribbon winner!

The Northwest Settlement House of Washington held its annual pet show recently. Apparently a 300-pound, ill-mannered blue-blood named Brumus had to be caged because of a bad record at the same show last year. It seems that Bramus, a black Newfoundland, wandered around among the picnicking guests "using them as he would a fire hydrant."

According to one syndicated columnist, this canine character "sits around on the back porch . . . wondering whether he'll bite a dog or a child next." He reportedly nips the children of the family who owns him, attacks mailmen, police (diplomats and priests).

Brumus allegedly intimidates guests of the family and, on one occasion, was allowed by his owner to invade the large, luxurious office of a Senator and wet all over the rug.

There is some evidence to back up the oft-repeated claim that a man's true personality is mirrored in the kind of a dog he owns. At least the dog's training might be indicative of the owner's respect, or lack of it, for another man and his property.

Jimmy and Dooby were very close to this columnist. Brumus belongs to Senator Robert F. Kennedy.

Reader response to this columnist's review of the controversial 8th grade textbook "Land of the Free" and his appearance on the Joe Pyne Show indicated a great amount of interest and concern.

It is ironic that, to this writer's knowledge, no one, including the authors of the textbook, has shown the slightest desire to defend "Land of the Free" publicly. It would appear that the backers of this textbook are fully aware that they have a product they cannot successfully defend under the

light of public scrutiny! A letter representative of the many received by this columnist reads as follows! Dear Dr. Witt: We heard you on Pyne Show Saturday evening and were amazed and alarmed at the propaganda contained in the book you quoted from—"Land of the Free."

We want to thank you and other patriotic Americans for keeping us informed about what the Communists, under the guise of liberalism, are trying to do to our school children.

Sincerely,
—Mr. and Mrs. G. B. Woodbury.

Former Educator To Hawaii At High Salary

Dr. Edward E. Hawkins, superintendent of the Desert Center Unified School District in eastern Riverside County, was named deputy state superintendent by the Hawaiian State Board of Education, at a salary of \$21,500 a year.

The 44-year-old educator has been the first superintendent of the recently unified desert district for two years. Prior to this time he was an administrator in Pasadena, Sierra Madre and Hermosa Beach school districts in southern California.

Hawkins holds a doctorate from the University of Southern California, has been elected to Phi Kappa Phi national honor society for scholastic achievements, and authored a paper last month in the Journal of Educational Research. He will move to Hawaii in July after a successor is selected and oriented to the desert post.

76-Inch Snow a Record

Silver Lake, Colo., holds the record for the heaviest one-day snowfall—76 inches—back in 1921.

2 1/4 Million Glands Sweat

The human skin has 2 1/4 million sweat glands. They can secrete more than 2 1/4 pints an hour.

Mr. and Mrs. Hardy Hayes, new residents here at 450 Churchill Glen after some 13 years around Pasadena, went with visiting friend Jim Wendling from Illinois, for a visit to Lake Isabella and some ardent fishing, with Jim having the luck and bringing back some bass.

Fish are biting and local devotees of the angling art heed the lure again. Mr. and Mrs. A. A. Waldron, 1435 Old House Road made a trip to Modesta over the long weekend, visited friends and went fishing up there.

The Harlow family have only been living in their home at 80 W. Grand View since Easter so they are still in process of getting settled, especially since their children are young, three being pre-school. Children's names are Bill, Tommy, Betsy, Peggy; wait till their parents cope with PTA for that gang!

It's nearly time for us not to be awarded something again! And we hope nobody slips up and says our Fried Chicken has just won a prize. Some restaurants become hysterical if they're not on the "best this or that" list.
